MECHANICAL BREAKDOWN PROTECTION

The purchase of a vehicle is a large investment. Protect your investment and anticipate the unexpected with a partner you can trust.

This is where we come in!

**TRISURA**<sup>®</sup>  
a step above

**Trisura Warranty Services Inc.** is the evolution of mechanical breakdown insurance products and vehicle service contracts. We go "a step above" and provide superior protection for one of your most expensive lifetime purchases in a straightforward fashion.

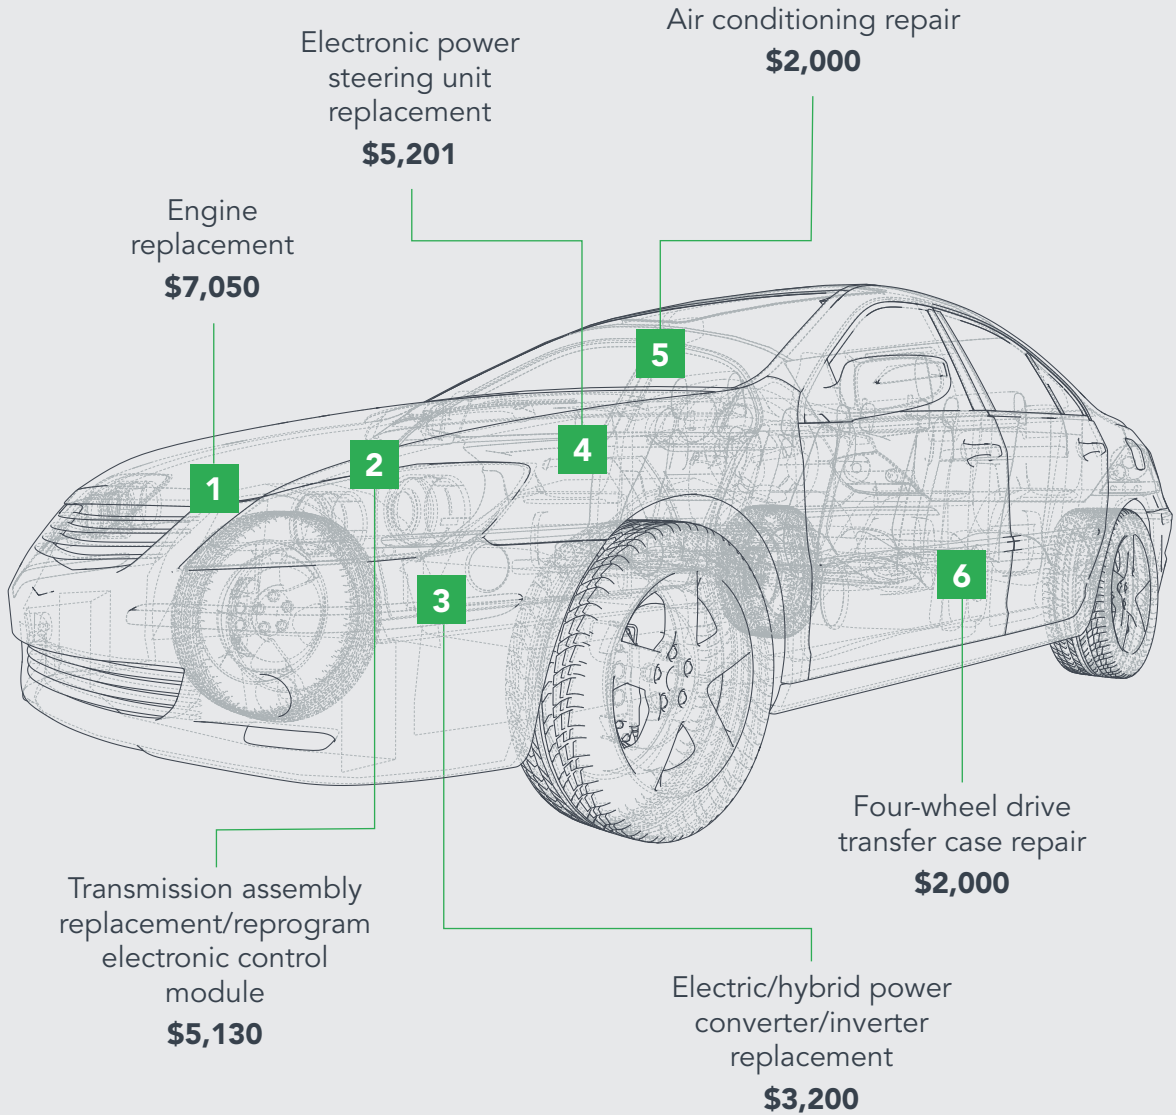

There's a lot to consider when purchasing a vehicle and finding a car that fits your life, and that is only the beginning. When you're handed the keys, we're here to help you feel secure and be ready for any unexpected costs that may come your way.

Whatever your needs, we've got a plan for that.

We offer:

1. Warranty terms available from 12 to 120 months.
2. Roadside assistance benefits on all contracts, at no additional cost.
3. Peace of mind without "per claim limits". Our claim payment limits are aligned with the vehicle manufacturer's suggested retail price (MSRP). We approve and pay claims based upon North American automotive industry approved labour repair guidelines and manufacturer's suggested retail parts pricing, so both YOU and the repair facility will not be left guessing.
4. A commitment to work with ANY licensed repair facility within Canada or the Continental United States of America.

Consider the following potential repair costs:
