MECHANICAL BREAKDOWN PROTECTION

Maybe it's your daily ride or the ride you have always wanted. Whether for the road, snow, water or mud, you are making a large investment that needs to be protected, and you deserve as much peace of mind with a partner you can trust.

This is where we come in!

TRISURA[®]
a step above

Trisura Warranty Services Inc. is the evolution of mechanical breakdown insurance products and vehicle service contracts. We go "a step above" and provide superior protection for one of your most expensive lifetime purchases in a straightforward fashion.

Picking the right partner to provide you with peace of mind is a big decision! You want to make sure that you're protected for where, when and how you enjoy your ride. Making that decision simple is important, which is why we provide comprehensive coverage that fits your needs!

We offer:

1. Warranty terms available from 12 to 84 months.
2. Roadside assistance benefits on all "on-road" contracts sold, including dock-side service for all personal watercraft, at no additional cost.
3. Peace of mind without "per claim limits." Our claim payment limits are aligned with the vehicle manufacturer's suggested retail price (MSRP). We approve and pay claims based upon North American industry approved labour repair guidelines and Manufacturer's Suggested Retail Parts Pricing, so both YOU and the repair facility will not be left guessing.
4. A commitment to work with ANY licensed repair facility within Canada or The Continental United States of America.

Consider the following repair costs:
